Because South Plains Electric Cooperative operates at cost, any excess revenues, called margins, are returned to members in the form of capital credits, when the Cooperative's finances permit.

SPEC notifies you of how and when you'll receive your capital credits retirement.

4

When SPEC's financial condition permits, the

board of directors

decides to retire, or

pay, the capital credits.

SPEC tracks how much electricity you buy and how much money you pay for it throughout the year.

South Plains Electric has retired over

\$56 million

to members over the years.

SPEC allocates the margins to members as capital credits, based upon their use of electricity during the year.

At the end of the year, SPEC completes financial matters and determines whether there are excess revenues, called margins.

Frequently Asked Questions About Capital Credits

Retiring capital credits is a unique business practice that allows cooperatives to give back margins. That process is just one part of the co-op difference, but oftentimes capital credits are misunderstood. To better educate our members about capital credits, we have listed some frequently asked questions and answers.

Q: what are capital credits?	YEAR	ASSIGNED	REFUNDED	BALANCE

OPERATION ROUND-UP *Neighbors helping Neighbors*

Operation Round Up has disbursed more than \$1 million to local organizations and individuals since its inception in 1993. More than \$210,000 was disbursed in 2023 alone.

What is Operation Round Up?

This innovative program is a community outreach project that helps local organizations and individuals who need a hand up, not a hand out.

The money in the fund comes from members of South Plains Electric Cooperative who round up their monthly bill to the nearest dollar. When enrolled, the billing program automatically rounds up your monthly bill and deposits the difference into the Operation Round Up account. The average annual contribution is only \$6 per meter (and it's tax deductible)! Ten members, your neighbors, sit on the Operation Round Up Board. They review applications and approve grants. They are also the eyes and ears in your community for potential projects.

Your contribution can:

- provide teacher mini-grants;
- buy food for families in need;
- help with medical emergencies;
- help rebuild a family's life after a fire;
- award scholarships;
- award community grants;
- make a life tragedy less traumatic.

Operation Round Up is about neighbors helping neighbors.
